## Fourth Announcement & Final Call for Papers

# 9th Australasian Masonry Conference

15-18 February 2011

Queenstown, New Zealand

---

**Welcome to the 9th Australasian Masonry Conference. This will be the first time that New Zealand has hosted this three yearly conference and it is fitting that it is held in one of the most beautiful parts of the country.**

Masonry is a proven traditional building material widely used because of its aesthetic appeal, strength, durability and sustainable properties. The 9th Australasian Masonry Conference will allow participants to stay abreast of international and domestic trends and innovation in both research and building practice.
