

Benefits of TMS Membership

As a TMS member you will have the opportunity to contribute to the growth of the society and the advancement of masonry knowledge, as well as the following benefits:

- TMS E-News – our newsletter on the events and business of the Society
- TMS Journal – the only refereed technical journal in North America devoted exclusively to masonry design, research and construction
- TMS Responds – our technical bulletin containing responses to questions from the membership on masonry design, construction, evaluation and repair
- Substantial discounts of at least 25% on TMS publications, seminars, workshops, meetings, and conferences
- Access to TMS committees

Benefits of Affiliate Membership

- All of the above benefits
- A free business card ad in TMS News.
- Recognition in TMS News, TMS Journal and the Membership Guide of your special contribution.
- Recognition on TMS's Website with a complimentary link to your website or e-mail address if you wish.
- One free TMS publication of your choice per year.
- Representation on the TMS Board if your representative is elected to fill one of the Affiliate member seats.

Benefits of Sustaining Membership

- All of the above benefits
- Complimentary copies of **every** new publication printed by TMS plus one free TMS book of your choice each year (in most years, this represent over \$300 of free publications!).
- Representation on the TMS Board if your representative is elected to fill one of the Sustaining member seats.

Become an expert on masonry, and contribute...

TMS is embarking on a number of new programs and services, while developing new publications, seminars, and resources to assist with masonry education and advance the knowledge of masonry. As a member, you can become a part of the team, and make a name for yourself in the design and construction industry as a masonry expert.

Join the only national society dedicated to serving the needs of designers and builders of masonry

As a member of TMS, you can apply for membership on a variety of TMS Committees as either a full voting member or as a corresponding member. Most committees are accepting new members. Here is a sampling of our technical committees:

- **Architectural Practices**
- **Cast Stone Standards**
- **Construction Practices**
- **Design Practices**
- **Disaster Investigation Team**
- **Existing Masonry**
- **Fire Resistance:** a joint committee with ACI that maintains the fire resistance standard for masonry (ACI 216/TMS 0216)
- **Information Outreach**
- **Masonry Standards Joint Committee:** (MSJC) is a joint committee with ACI and ASCE to develop and maintain the *Building Code Requirements and Specification for Masonry Structures* (TMS 402/ACI 530/ASCE 5).
- **Research**
- **Standards Development**
- **Sustainability**

- And much more

The Masonry Society is a professional, technical, and educational society dedicated to the advancement of knowledge in masonry. Members include engineers, architects, educators, manufacturers, contractors, craftsmen, students, and others with an interest in masonry. TMS publishes technical design and construction information, sponsors technical committees, coordinates the TMS Disaster Investigation Team, and provides educational opportunities through its seminars, annual meetings, and the North American Masonry Conference.

As a member of TMS you will have access to the most current and comprehensive information on masonry design, construction, evaluation and repair. To join TMS, fill out the application on the back of this form and send it in today.

CATAGORIES OF MEMBERSHIP

You are invited to join in one of these categories (please check one):

- PROFESSIONAL:** A registered engineer or architect, or a faculty member at an accredited university; those applying for professional membership, please provide your registration number or university and department. (Reg. # or University _____), \$165/year
- ASSOCIATE:** Any person who by education, training, or occupation is interested in masonry, \$165 per year.
- JUNIOR:** Any person 28 years old or younger; limited to two years, \$65 per year.
- STUDENT:** Any person enrolled full time in a recognized school studying for an engineering, architectural or construction technology degree, \$35 per year.
- AFFILIATE:** An organization with an interest in the goals and activities of the Society, \$425 per year.
- SUSTAINING:** An individual or organization with an interest in the goals and activities of the Society who wishes to make a significant contribution, \$1400 per year.

Increasingly we are finding members upgrading their membership classification to Affiliate and Sustaining Membership because the benefits are clear: increased recognition, free publications, and increased support of the Society. If you would like to learn more about the added benefits of the membership categories, see the reverse side of this sheet or contact TMS today.

Please circle the code in each category that best indicates your job and the principle work of your employer.

Job Title Codes:

1. Officer, Top Director
2. Administrator, Operating Manager
3. Construction Manager
4. Product Manufacturing Engineer
5. Design Engineering Management
6. Design Engineer
7. Materials Engineer
8. Plant Engineer
9. Research Engineer
10. Sales and Marketing
11. Technical Specialist
12. Architect
13. Quality Control
14. Educator
15. Student
16. Contractor or Mason
17. Other

Employer Code:

- A. Engineering Services
- B. Construction Services
- C. Architectural Services
- D. Architectural and Engineering Services
- E. Research Services
- F. Concrete Block Manufacturing
- G. Clay Brick Manufacturing
- H. Other Construction Materials
- I. Contractor
- J. Construction Machinery/Equipment
- K. Testing Laboratory
- L. Government
- M. Education Institution
- N. Association
- O. Other
